ENERGAGE NAMES SEEC A WINNER OF THE 2021 TOP WORKPLACES USA AWARD

Silver Spring, Maryland January 28, 2021 - Today SEEC has announced it has earned the 2021 Top Workplaces USA award, issued by [Energage](#), a purpose-driven organization that develops solutions to build and brand Top Workplaces. This is the inaugural year for Top Workplaces USA, built on the program's 14-year history surveying more than 20 million employees across 54 markets for the regional Top Workplaces awards.

"We are honored to have received this award and are incredibly grateful to our amazing staff for the essential work they do every day to help improve the lives of people with intellectual and developmental disabilities," said Karen Lee, Executive Director of SEEC.

Top Workplaces USA offers national recognition for large organizations, those with more than 150 employees, and those that may have operations in multiple markets. Several thousand organizations from across the country were invited, and more than 1,100 participated in the Top Workplaces USA survey. Winners of the Top Workplaces USA list are chosen based solely on [employee feedback](#) gathered through an employee engagement survey, issued by Energage. Results are calculated by comparing the survey's research-based statements, including 15 Culture Drivers that are proven to predict high performance against industry benchmarks.

"During this very challenging time, Top Workplaces has proven to be a beacon of light for organizations, as well as a sign of resiliency and strong business performance," said Eric Rubino, Energage CEO. "When you give your employees a voice, you come together to navigate challenges and shape your path forward. Top Workplaces draw on real-time insights into what works best for their organization, so they can make informed decisions that have a positive impact on their people and their business."

ABOUT SEEC

SEEC is a progressive nonprofit agency providing a wide range of community supports to help people with intellectual and developmental disabilities live lives of their choosing. Our goal is to become a community of excellence that honors, respects and assists people with developmental disabilities as they direct their lives towards work, relationships, recreation, and personal development. Our role is to create supports for people to identify their hopes and dreams, and access the resources needed to achieve them.

We aim to provide the highest caliber of community-based, person-directed services through ongoing learning and reflection, strategic planning, and investing in the professional development of our staff. Through our collaborative work with Maryland agencies and providers, we aim to affect policies and funding streams and expand staff development opportunities statewide.
